A MISCHIEF OF MAGPIES #1

BY SIMON SPURRIER AND MATÍAS BERGARA

NEW DSTLRY SERIES DEBUT FROM **Simon Spurrier** and **Matías Bergara**!

Mar has a secret. Sometimes, without warning, he falls out of the world. This would be an inconvenience if his life wasn't already such a drag.

When he's gone, he finds himself in an extraordinary city. A city which is also a machine, endlessly crossing a shoreless ocean. A city of two halves: the bright, bustling spires above the waves, and the beast-haunted twilight halls below. And between, clowning along the rusting beach, a troupe of

anarchic magpies with all the answers but none of the questions.

Recipients of the Angoulême Sélection Officielle, GLAAD Award, and multiple Eisner Award nominations, creators Simon Spurrier and Matías Bergara present a new fantasy masterpiece in the tradition of *Coda* and *Step By Bloody Step*, driving the comics medium into new, beautiful, baleful waters.

For fans of **THE NEVERENDING STORY**, **ARCANE**, and **THE BOY AND THE HERON**.

IS THAT IT?

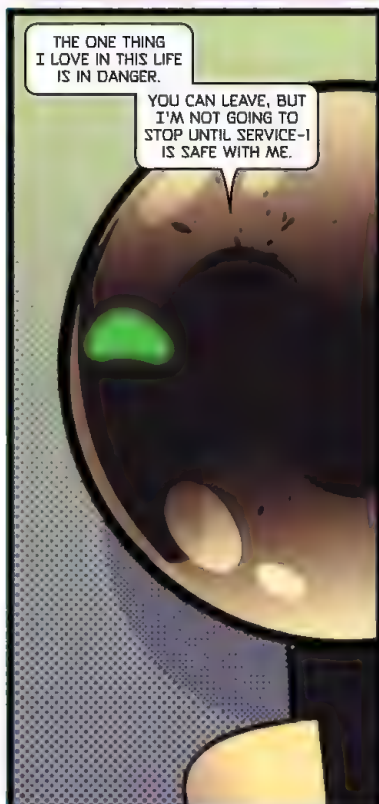

YOU HAVE BLOOD AND

CIRCUITS AND SENSORS
SO YOU GET TO DECIDE?

SARA, YOU ONLY *EXIST* FOR A

FOR MOST OF THEM--AND
THEN YOU'RE DEAD. A SPECK

Writer Scott Hoffman (Nostalgia, Wag) of Scissor Sisters fame teams up with artist Alberto Ponticelli (Frankenstein: Agent of SHADE, Goodnight Paradise, Orc Island) for a sci-fi/horror mystery that pushes the limits of the grotesque. New York City, over two decades into the future, has been devastated by crime, ongoing storms, radiation from a terrorist incident in Times Square and the genetic mutations caused by a life-saving "cure." After a series of murders rip through the city's brothels, an escort named Vin Young, who cosplays as the Brothers Grimm's Snow White—and is one of the generation of deformed victims—pursues the killer, or killers, reluctantly joining forces with Jarrod Hannover, the lone cop assigned to the case. The two eventually arrive at a biotech megacorp developing a cellular metal called Warm Fusion—a pioneering technology meant to replace prosthetics limbs—and soon confront the sociopathic scientist Nicholas Fleischer, his monstrous partner, Mr. Barnaby, and the hideous monster that they've been secretly developing.

WARM FUSION is a dark, sci-fi thriller, mixing the body horror of David Cronenberg with the bleak urban future of Blade Runner.

For fans of VIDEODROME, THE THING, and ROBOCOP.

WEDNESDAY

AURA,
TRANSCRIBE.

TRANSCRIBING.

Victim discovered by a sanitation technician who responded to a distress signal from a damaged trashbot.

Signal came in around 2 am according to the technician who came out to the scene just after 9.

Possible signs of blunt trauma. Weapon undetermined.

Remaining body parts are bloated, possibly waterlogged. Rain could be a problem for prints or additional bioevidence.

No signs of trauma or scarring around hip sockets.

Forensics to confirm, but I'm guessing this is due to a hydrothyraxine defect — limbs missing from birth.

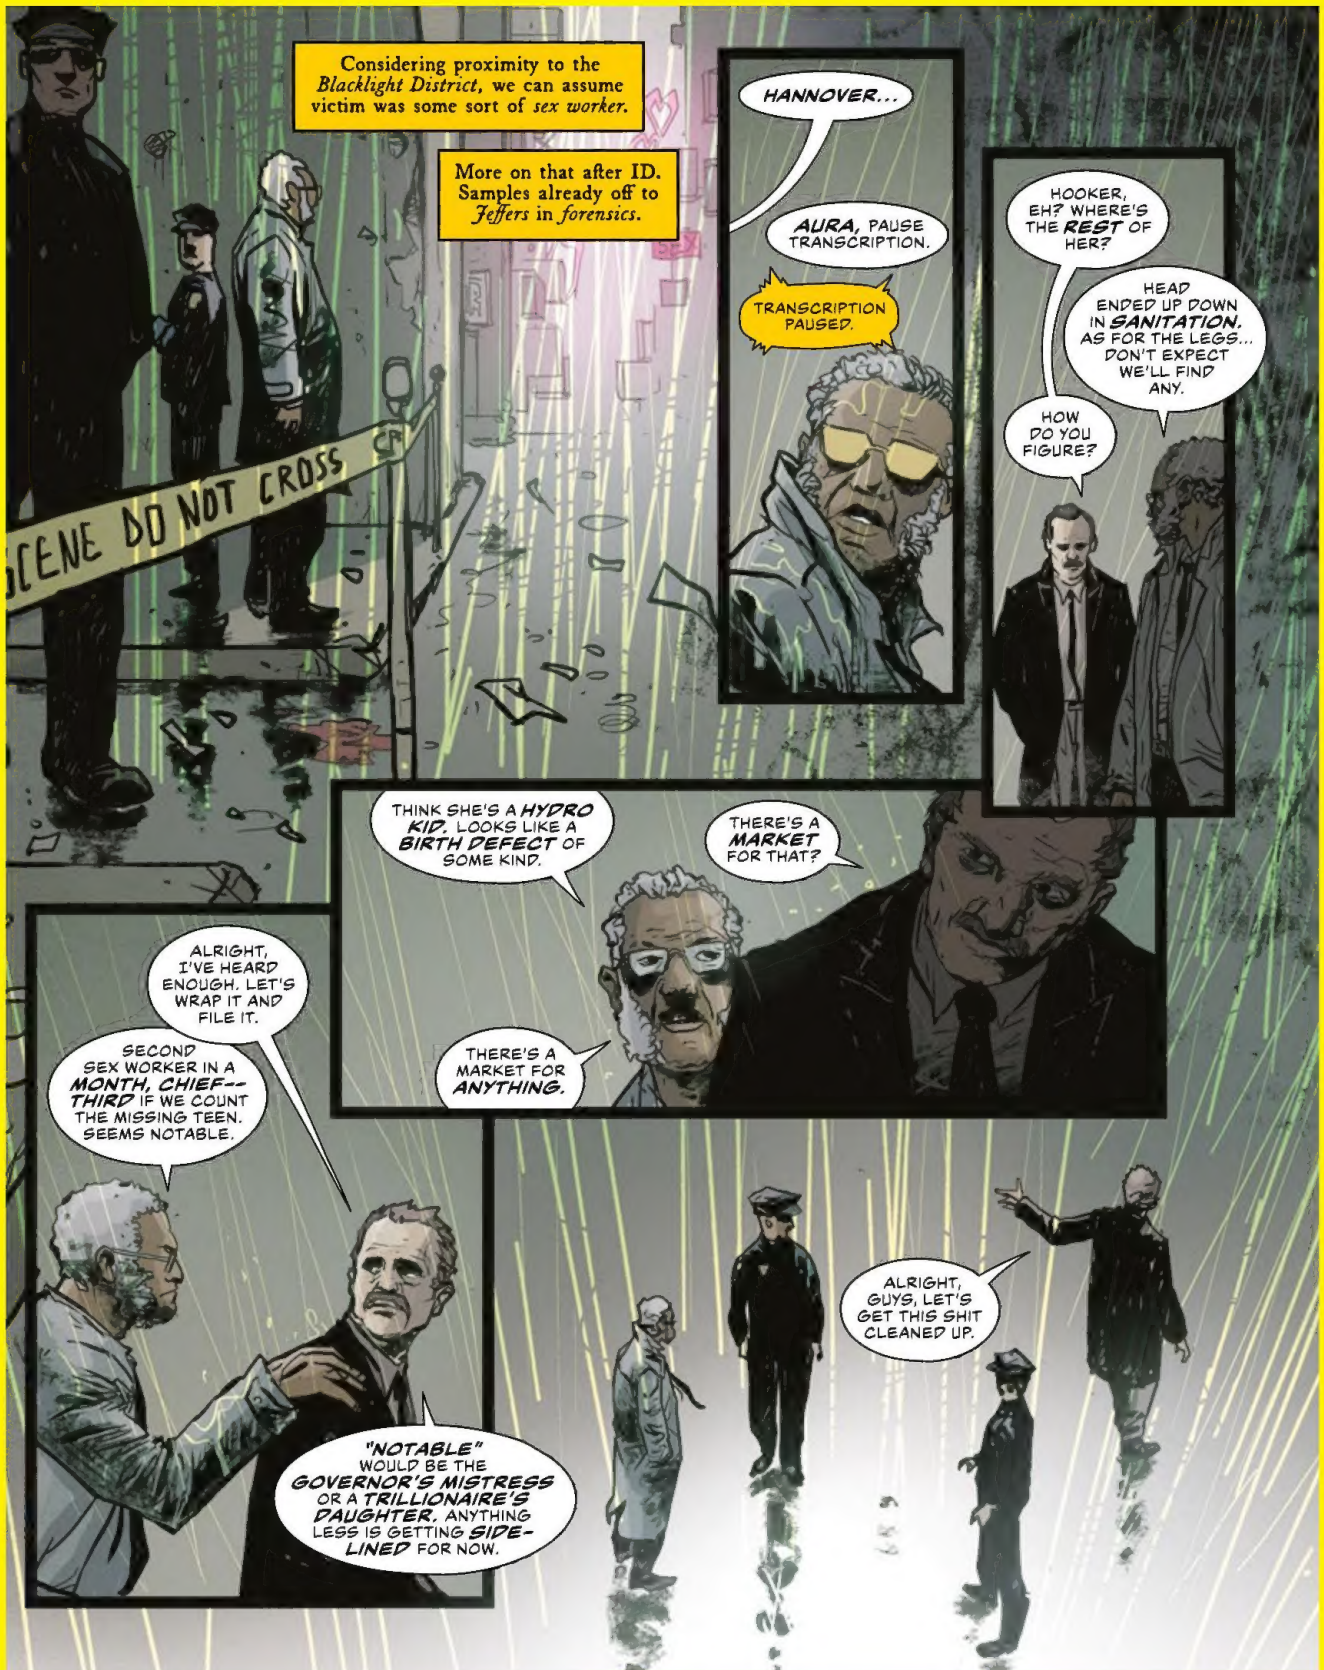

That would make her around *twenty-three*. Hell of an age to go.

AURA,
STRIKE THE LAST
SENTENCE.

LAST SENTENCE
DELETED.

Imagine we'll find her *prosthetics* nearby... unless scavengers got to them first — they'll fetch something decent on the black market...

...especially the *automated* ones.
